New Year - New Wines

As 2009 winds down and 2010 sets in, we are all making New Year's resolutions to try to improve ourselves in this new year. Although there are many other resolutions I am sure you have thought of, these are the ones Wine Gift Club can help you out with.

Learn Something New

Try a new wine you wouldn't normally try. You might be surprised by a how much you will enjoy a rich red or a crisp white. If you are unsure where to start, try one of our wine samplers.

Enjoy Life More

Try to slow down and think about the little things in life. After all, it's the details in life that make it worth living. You don't need a "fancy" meal to enjoy with wine. Eat hamburgers by candlelight and pour yourself a glass. You will enjoy it so much more than if you were chowin' down on a drive though meal in your car.

Spend More Time with Family and Friends

Use your Wine Gift Club Classic Wine Club Selection as an excuse to invite over guests. Ask your friends and family to bring over a bottle of their own and throw a casual wine tasting party. You don't need to spend a lot of time organizing, planning and cooking to enjoy a nice evening with your loved ones. A casual atmosphere, where everyone is relaxed, is much more fun.

Get Healthy

There have been many studies over the years investigating the benefits of red wine. It is suggested that drinking moderate amounts of red wine (one glass a day for women and two glasses a day for men) lowers the risk of heart attack for middle aged people by 30 to 50 percent.

Sorry, we can't help you loose weight, get organized, complete your to do list and find a you good spouse. Never the less, enjoy this month's wine and have a wonderful new year.

Stevenot Winery

The first Stevenots came to the area during the great Gold Rush of the mid 1800's. During that time vineyards began cropping up throughout the region as miners from France, Germany, and Italy were creating a demand for wine on an unprecedented scale. At one time the Sierra Foothills rivaled the areas of Napa and Sonoma combined in vineyard acreage with over 100 wineries established.

Although the industry eventually declined with the advent of prohibition, it wasn't long before a 5th generation member of the Stevenot family took up where his family had left off and established the winery in the late 1970's. Recognized as one of the pioneers of the rebirth of wine production in the Sierra Foothills, Stevenot Winery quickly secured its reputation for producing world class wines and for their innovative and award winning style.

In January, 2006 a compelling new era at Stevenot Winery began when the Munari family took ownership of the property, bringing with them a new expertise in the wine industry. As stewards for the 350 acre estate, the Munari's are proud to be part of a long and rich tradition of hand-crafted, artisanal wines.

With the unveiling of the new Stevenot label in 2006, the Munari's have demonstrated their commitment to the Stevenot legacy, and continuing the excellence that has preceded them. They are determined that decisions will never be compromised by limited resources, nor will quality suffer because of growth.

The Munari Family's investment in the winery has ensured that the vineyards and facilities are extensive enough to meet the ongoing demands of their patrons, yet sufficiently hand-tailored to meet the particular needs of their winemaker. In this venture they have been successful, and are looking forward to being part of the winery as it moves into its third decade of producing Sierra Foothill wines of distinction.

2007 STEVENOT ALBARIÑO

Famous in the Rias Baixas region of Spain , Albariño is included on the wine lists of celebrated restaurants, and distinguished as an elegant and fresh wine with ample body and balanced acidity.

The 2007 vintage yielded a small, concentrated crop, encouraging intricate flavors of lemon drop, ginger and mandarin orange, with accents of mineral and flint. Known around the world as the perfect accompaniment to shellfish, and a nice choice to complement rich cheeses and cream based pasta sauce. *Salud!*

2006 TEMPRANILLO

Assembled with Stevenot's signature estate grown Tempranillo grapes, they hand harvested 3 different clones of this celebrated Spanish varietal, created a perfect blend with 8% Graciano and 4% Merlot, and let the flavors meld in barrel for 28 months.

Multi-layered on the palate with hints of homemade plum marmalade, clove, black cherry, and sweet sandalwood. Soft mid-palate tannins round out bright red fruit with a lingering subtle vanilla bean finish. Enjoy this wine on its own or as a perfect compliment to paella, Serrano ham, or Manchego cheese.
